THAT DRIVE
SUCCESS

ROYAL DELUX LIMITED

COMPANY PROFILE

Royal Deluxe Limited Company

Overview

Royal Deluxe Limited, a Hong Kong-based subsidiary of **Kingdom Investment Corporation Limited (KICL)**, is a leading trading company specializing in **food commodities**, with a strong focus on grain commodities, frozen protein (red meat, white meat, and seafood), and key crops such as sugar and soy. As the dedicated food commodity trading arm of the KICL conglomerate, Royal Deluxe Limited is strategically positioned to meet the rapidly growing demand in China for high-quality food products.

Our expert analysis team has secured critical supply chain components, including robust relationships with global suppliers and Chinese buyers, to build a reliable trading platform. Operating from Hong Kong, Royal Deluxe Limited leverages the city's role as a global trade hub to facilitate seamless, high-volume transactions, delivering premium grain commodities, frozen protein, and crops to support China's food security and industrial needs.

Our Mission

To deliver high-quality, sustainably sourced grain commodities, frozen protein, and crops to China's dynamic market, fostering trusted trade partnerships and driving innovation in food commodity trading.

Core Services

Royal Deluxe Limited provides comprehensive, end-to-end trading solutions tailored to the needs of Chinese importers, distributors, and global suppliers. Our services include:

Grain Commodity Trading

We specialize in trading key grain commodities, including:

- **Wheat:** High-quality wheat for flour milling, baking, and noodle production, sourced from top global producers.
- **Corn:** Premium corn for food processing, animal feed, and industrial applications, meeting China's diverse agricultural needs.
- **Rice:** Select varieties of rice to support China's staple food requirements and export markets.
- **Barley and Oats:** Sourced for food production, brewing, and animal feed, catering to specialized market segments.

Our expertise in grain trading ensures consistent quality, competitive pricing, and reliable supply to meet the demands of China's food and agricultural sectors.

Frozen Protein Trading

We address China's surging demand for high-quality protein with:

- **Red Meat:** Premium beef and lamb for retail, foodservice, and processing industries.
- **White Meat:** High-quality poultry, such as chicken, tailored to Chinese consumer preferences.
- **Seafood:** A wide range of frozen fish and shellfish, ensuring freshness for wholesale and retail markets.

Crop Commodity Trading

In addition to grains and frozen protein, we trade essential crops, including:

- **Sugar:** Sourced from leading producers for China's food processing, beverage, and confectionery industries.
- **Soy:** High-quality soybeans for food production, animal feed, and industrial uses.

Supply Chain and Logistics

We partner with a global network of cold-chain logistics and shipping providers to ensure the safe and timely delivery of perishable and non-perishable commodities. Operating under CIF (Cost, Insurance, and Freight) terms, we maintain product integrity from source to market, adhering to China's stringent food industry standards.

Competitive Advantage

- **Market Expertise:** Our analysis team's deep understanding of China's food commodity market enables us to secure critical supply chain components, ensuring a robust and scalable trading platform.
- **Grain Specialization:** Our focus on wheat, corn, rice, barley, and oats positions us to meet China's growing demand for staple grains and industrial inputs.
- **Strong Partnerships:** Long-standing relationships with global suppliers and Chinese buyers ensure reliability and trust in our trading operations. •
- **Diversified Portfolio:** Trading grains, frozen protein, sugar, and soy allows us to address diverse needs in China's food and agricultural sectors.
- **KICL Affiliation:** As a KICL subsidiary, we benefit from the financial strength, global network, and synergies with Kingdom Commodities and other KICL subsidiaries, enabling high-volume trades with confidence.

Synergy with KICL Subsidiaries

As a member of the **Kingdom Investment Corporation Limited (KICL)** conglomerate, Royal Deluxe Limited collaborates closely with **Kingdom Commodities** and other subsidiaries engaged in natural resources, commodities, supply chain, infrastructure, land development, and technology. Operating across jurisdictions such as Hong Kong, Singapore, Dubai (free economic zone), the European Union, and the United Kingdom, we leverage KICL's dedicated funds and special-purpose vehicles to support our food commodity trading initiatives. This synergy enhances our ability to deliver premium grains, proteins, and crops while driving innovation in China's food market.

Strategic Vision

Royal Deluxe Limited aims to solidify its position as a leading food commodity trading company by expanding our network of global suppliers and Chinese buyers, with a particular emphasis on grain commodities to support China's food security and industrial growth. By capitalizing on the growing demand for grains, frozen protein, and crops, we are committed to delivering sustainable, high-quality products. Our long-term vision includes exploring new grain varieties, enhancing cold-chain logistics, and developing innovative trade solutions to strengthen our market leadership.

How to Collaborate

Royal Deluxe Limited welcomes partnerships with global suppliers, Chinese importers, distributors, and stakeholders in the food commodity sector. For inquiries about our grain commodities, frozen protein, sugar, soy, or other trading services, or to explore collaboration opportunities, please contact our Hong Kong office.

This polished company profile emphasizes Royal Deluxe Limited's expanded focus on grain commodity trading (wheat, corn, rice, barley, and oats) alongside frozen protein and crops, while highlighting synergies with Kingdom Commodities and other KICL subsidiaries.

LEADERSHIP

At the forefront of leadership within the conglomerate is Kingdom Investment Corporation Limited, a privately owned company based in Hong Kong. This corporation manages funds and assets from members of Middle Eastern royal families, sovereign wealth funds, and government development funds, collaborating with asset management teams from major global enterprises. Its subsidiaries operate in Hong Kong, Singapore, Dubai, the European Union, and various African countries. The company is led by a team of professionals dedicated to helping clients achieve their goals. They bring innovative ideas and the ability to develop creative business models to secure necessary funding. The principals are uniquely qualified to oversee operations, receiving guidance from professional advisors, strategic partners, and management consultants. The company's management policy emphasizes the implementation of sound administration and procedures, alongside state-of-the-art technology, to establish itself as a recognized and reputable organization that upholds high standards of business service. Kingdom Investment Corporation Limited employs the Nine Box Strategy, organizing its activities into three strategic dimensions. The first dimension is KICL Resource, which encompasses the company's work in energy, banking, and trading—core sectors that anchor its financial strength and market presence. The second dimension is KICL Development, focusing on construction, technology, and culture—areas in which the company shapes environments, builds both digital and physical infrastructure, and fosters identity and innovation. The third dimension is KICL Impact, which drives efforts in health, environment, and empowerment—ensuring that the company's work leads to tangible social and ecological progress.

COMMODITIES THAT DRIVE SUCCESS

This strategy aims to enable the company to provide integrated regional development solutions and implementation in developing countries worldwide. While the primary focus of the company is investment, it also offers consultation services and develops investment strategies for governments. One of its core initiatives is to foster public-private partnerships with government authorities and industry leaders, providing sustainable investment and development strategies for the responsible management and exploitation of nationally owned natural resources, with particular emphasis on the Horn of Africa.
