Our Mission

To deliver high-quality metals and gold to global markets with reliability, transparency, and innovation, fostering trusted trade partnerships and driving excellence in the metal trading industry.

Core Services

KICL Metal Trading Corporation Limited offers tailored trading solutions to meet the needs of industrial clients, investors, and manufacturers. Our services include:

Metal Trading

We specialize in trading a diverse range of **base and industrial metals**, including:

- **Copper:** High-purity copper for electrical wiring, construction, and industrial applications.
- **Aluminum:** Lightweight aluminum for automotive, aerospace, and packaging industries.
- **Steel:** High-grade steel products for infrastructure, construction, and manufacturing.
- **Zinc and Nickel:** Critical metals for galvanizing, alloy production, and battery manufacturing.

Our global supplier network ensures consistent quality, competitive pricing, and reliable delivery to support industrial demand.

IN A WORLD OF UNCERTAINTY, TRUST IN METAL

Gold Trading

We trade gold in various forms, including bullion, coins, and refined products, catering to:

- **Investment Markets:** Supplying gold as a safe-haven asset for institutional and private investors.
- **Industrial Applications:** Providing high-purity gold for electronics, jewelry, and advanced manufacturing.
- **Central Banks and Refineries:** Facilitating secure, large-scale gold transactions with transparency and compliance.

Our gold trading operations adhere to international standards and market regulations.

Supply Chain and Logistics

We partner with a global network of logistics and shipping providers to ensure secure and timely delivery of metals and gold. Operating under CIF (Cost, Insurance, and Freight) terms, we maintain product integrity and safety from source to market, meeting the stringent requirements of our clients.

Synergy with KICL Subsidiaries

As a member of the **Kingdom Investment Corporation Limited (KICL)** conglomerate, KICL Metal Trading Corporation Limited collaborates closely with and other subsidiaries engaged in natural resources, commodities, supply chain, infrastructure, land development, and technology. Operating across jurisdictions such as Hong Kong, Singapore, Dubai (free economic zone), the European Union, and the United Kingdom, we leverage KICL's dedicated funds and special-purpose vehicles to support our metal and gold trading initiatives. This synergy strengthens our ability to deliver premium products and drive innovation in the global metals market.

Strategic Vision

KICL Metal Trading Corporation Limited aims to solidify its position as a global leader in metal and gold trading by expanding our supplier and customer network, while prioritizing quality, sustainability, and transparency. By capitalizing on the growing demand for metals in industrial applications and gold in investment markets, we are committed to supporting global economic growth and financial stability. Our long-term vision includes exploring new metal commodities, enhancing supply chain efficiency, and developing innovative trading solutions to maintain our competitive edge.

For inquiries about our metal and gold trading services or to explore collaboration opportunities, please contact our Hong Kong office.

IN A WORLD OF UNCERTAINTY, TRUST IN METAL

At the forefront of leadership within the conglomerate is Kingdom Investment Corporation Limited, a privately owned company based in Hong Kong. This corporation manages funds and assets from members of Middle Eastern royal families, sovereign wealth funds, and government development funds, collaborating with asset management teams from major global enterprises. Its subsidiaries operate in Hong Kong, Singapore, Dubai, the European Union, and various African countries. The company is led by a team of professionals dedicated to helping clients achieve their goals. They bring innovative ideas and the ability to develop creative business models to secure necessary funding. The principals are uniquely qualified to oversee operations, receiving guidance from professional advisors, strategic partners, and management consultants. The company's management policy emphasizes the implementation of sound administration and procedures, alongside state-of-the-art technology, to establish itself as a recognized and reputable organization that upholds high standards of business service. Kingdom Investment Corporation Limited employs the Nine Box Strategy, organizing its activities into three strategic dimensions. The first dimension is KICL Resource, which encompasses the company's work in energy, banking, and trading—core sectors that anchor its financial strength and market presence.

IN A WORLD OF UNCERTAINTY, TRUST IN METAL

The second dimension is KICL Development , focusing on construction, technology, and culture—areas in which the company shapes environments, builds both digital and physical infrastructure, and fosters identity and innovation. The third dimension is KICL Impact, which drives efforts in health, environment, and empowerment — ensuring that the company’s work leads to tangible social and ecological progress. This strategy aims to enable the company to provide integrated regional development solutions and implementation in developing countries worldwide. While the primary focus of the company is investment, it also offers consultation services and develops investment strategies for governments. One of its core initiatives is to foster public-private partnerships with government authorities and industry leaders, providing sustainable investment and development strategies for the responsible management and exploitation of nationally owned natural resources, with particular emphasis on the Horn of Africa.
